

# SAMOHI BANDS

## 2010

# POPS CONCERT

Dear Band Members and Parents,

Wouldn't it be great if your student could play in front of **SOLD OUT/STANDING ROOM ONLY** crowd in Barnum Hall? What an experience! Only you can make it possible! Tickets are now available for the 2009 Winter Band Concerts. Don't wait. Buy your tickets now. If each family sells just five tickets the show will be a sell-out! Not only will you be seeing some great performances by your students but you will, at the same time, be providing financial support to these fantastic musical groups. Friends, relatives, neighbors and kids are all encouraged to attend.

In addition to ticket purchases we encourage each family, when possible, to make a donation to support the band program. 100% of your donation will go directly to the band. Your financial support is especially crucial this year as we have capital improvement needs for the band programs. Our school and district can only provide a fraction of the cost of running our concert bands. It is only through your private donations that we are able to fund such things as festival fees, the purchase of music and instruments for your students' use and specialized coaches to enhance their musical experience. All contributions are TAX DEDUCTIBLE and will be gratefully acknowledged in our concert programs.

Another great way to support the band program is to encourage the businesses you are associated with to purchase an advertisement in this year's concert programs. The purchase will count as a tax deductible donation and will help defray the costs of providing such a quality music education to your students. Please show the attached order form to the businesses you frequent and encourage them to participate. This is a great, inexpensive way to advertise directly to the band community.

We look forward to your participation in this year's concerts. Join us as we celebrate the outstanding accomplishments of our students!

## ORDER NOW!
